Felchner Medien GmbH  
Ad-Management  
Alte Steige 26  
D-87600 Kaufbeuren

We would like to appear in the mpk4.0-list of sources of supply in the following categories:

### 1. Measurement technology

- measuring instruments/oscilloscopes
- LAN-measurement technology
- PC-supported measurement technology
- measurement technology components
- industrial controllers

### 2. Sensor technology

- sensors by measurand
- sensors by measuring principle
- sensor accessories
- automation sensors
- measuring light grids

### 3. Displacement, distance, position measurement

- displacement and distance sensors
- rotary encoder

### 4. Image processing

- camera systems
- image evaluation software
- image processing accessories

### 5. Light barriers/optoelectronic sensors

- spatial monitoring
- scanners, barcode reading systems

### 6. Proximity switches

- inductive, capacitive, magnetic
- RFID, identification systems

### 7. Testing technology

- quality assurance
- inspection systems
- testing and calibration equipment
- materials testing

### 8. control technology

- PLC-systems

- programmable automation controller
- process computer
- PC-based control technology

### 9. Industrial PC

- IPC-systems
- embedded controller
- software for IPCs
- touchscreen monitors and PCs

### 10. Drive technology

- frequency inverter
- servo-drive systems
- components and accessories

### 11. Industrial communication

- industrial ethernet
- open fieldbus systems
- network infrastructure and components

### 12. Visualisation, operation, monitoring

- HMI
- mobile and stationary operating devices
- display and input modules

### 13. Safety technology

- control technology
- bus systems
- components and accessories
- safety sensors

### 14. Process automation

- process control technology
- process measurement technology
- instrumentation

### 15. Accessories

- automation components
- housing
- connectors
